

## CPMR INTERMEDITERRANEAN COMMISSION

*Activity report October 2018-February 2019 and upcoming actions*

### INTRODUCTION AND AIM OF THE REPORT

This report aims at providing a global summarized but at the same time detailed (not exhaustive) overview on the activities of the CPMR IMC during the current mandate (for the mandate 2016-2018 please refer to this other [report](#)).

The document is structured in two main sections concerning the main activities implemented from October 2018 to February 2019 and the upcoming ones.

The activities are presented under 3 main categories: “Internal organization and institutional meetings”, “Key political and technical activities by theme” (Events, projects, etc.), and “Communication, membership and partnerships”.

The key activities by theme are organized upon the sectoral policies addressed by the four-permanent thematic Working Groups of the organization: Transport & Integrated Maritime Policy, Territorial Cooperation & Macroeconomic Strategies (including activities on Migration), Economic and Social Cohesion, Energy & Water.

More precise information about several of the activities mentioned in this document can be found in the news and twitter on our [website](#), in the extensive report on projects of the IMC, as on the working documents and plans of each Working Group and internal Task Force of the Intermediterranean Commission. This report is updated before each statutory meeting of the organization and will constitute the base for the final narrative report of the mandate 2018-2020.

The Presidency and the Secretariat of the CPMR Intermediterranean Commission wish to thank all the members and its external partner organizations and institutions for their constant efforts towards the improvement of the cooperation & the synergies for the sustainable development and the multilevel governance in the Mediterranean.

For any additional information please ask the CPMR IMC Secretariat.
