

“Adopting an integrated territorial approach for the delivery of public service in the Mediterranean”

TRAINING WORKSHOP

This capacity building action is part of the strategic partnership between the "PLATFORMA" network and the *European Commission*. The *Conference of Peripheral Maritime Regions* is the organization responsible for the development of a Manual on public service delivery observing an Integrated territorial approach in the Mediterranean, and the implementation of a training module on this issue.

Which are the objectives?

- ✓ To encourage local and regional authorities to identify *key issues and challenges* in their territories
- ✓ To explain the methodologies and tools of an *integrated territorial development* approach
- ✓ To promote a *holistic* vision of growth and sustainability

How?

- With *interactive* and *participatory* activities
- Through the acquisition of *knowledge* and *skills* on integrated territorial development
- With examples and specific attention to the local and regional territorial contexts of *Morocco* and *Tunisia*

Partners:

CPMR
CRPM

CASABLANCA

April 11-12, 2018

House of the Region Occitanie

19 Rue Mohamed Abdou
Quartier Palmiers

Do you work for a local or regional **territorial authority**? Are you an **elected official, a civil servant**? Do you deal with **economic development** and the **environment**?

Would you like to know more about **integrated territorial development**?

SIGN UP TO OUR TRAINING WORKSHOP

The *Conferences of Peripheral Maritime Regions*, in partnership with the PLATFORMA network, the *European Commission* and the Occitanie Region offer a **free training on integrated territorial development** (limited number of places*)

To apply, please send your CV to:

elodie.nunes@crpm.org

*Priority will be given to participants from Morocco and Tunisia. Participants from other Mediterranean countries are strongly encouraged to apply too, as places will remain available.
